CAN YOU HELP?

We are looking at holding social events and film nights – would you be willing to help organise regular events like these?

The Village Hall is getting older and requires more maintenance – are you able to help with repairs?

Funding has decreased and is harder to come by – have you got ideas for fundraising?

The Village hall is organised by a small group of volunteers who act as Trustees and a part-time Caretaker. We carry out a range of tasks that are required to keep the hall legal, safe and financially viable. Everything from renegotiating a new lease from the council to ordering more ink for the photocopier is done by us.

We are looking for NEW trustees to help keep the Hall running and to bring fresh ideas to make our Hall an even better community space.
